## Community Hums Today Over Card Club Opening

By FRED C. WEIGEL  
As a whole community hums today over the opening of the proposed card club near the city limits, officials of the club are finishing furnishing the luxurious palace and are preparing for the preview opening tomorrow night and Friday.

Openly defying arrest, the operators of Silver Palm Social Club said that their operation is legitimate and that they would test the case in court if they are shut down by Riverside County Sheriff Joe Rice.

BOBBY GARCIA, known throughout the state for his gambling operations (and who readily admits that he is an authority on gambling, but says that he is not a gambler), will operate the Silver Palm Social Club. He is backed by a corporation, approved by the State Corporations Commission on Jan. 24 in Los Angeles, and known as Silver Palm, Inc.

Officers of the corporation have been listed as: president, A. B. Scott, 300 San Rafael Drive, Palm Springs; who is traffic manager for Dill Lumber Co.; vice president, Arnold Ramsey, 1615 West Sixth Street, Los Angeles, cafe operator; and secretary-treasurer, Doris Garcia, 1151 San Jacinto Way, wife of the club operator.

On Feb. 4 of this year, the corporation was given approval to issue 1,000 shares of stock to its three officers.

IN RIVERSIDE, Sheriff Joe Rice has declared that he "will padlock the place and arrest everyone who I find gambling," and he plans to keep a sharp look-

## Ike to Leave Thursday for 10 Day Vacation

WASHINGTON — President and Mrs. Eisenhower fly to Thomasville, Ga., Thursday for about 10 days of rest and relaxation.

They will stay on the Milestone plantation of former Treasury Secretary and Mrs. George M. Humphrey, just outside the city of Thomasville, which is located in the southwest corner of Georgia. It will be the President's fifth winter trip to Thomasville, where he particularly enjoys the quail shooting and golf.

President and Mrs. Eisenhower entertained 76 guests Tuesday night at the second of two diplomatic dinners honoring the heads of 84 foreign missions here.

## School Unveils Steel Classrooms

CATHEDRAL CITY — School District representatives from Southern California and Nevada yesterday viewed a revolutionary type of steel construction as two new Cathedral City School classrooms were opened for public inspection.

A day-long open house marked the completion of pre-fabricated steel classrooms that will be incorporated in new building programs at Palm Springs High School and other school district institutions.

Educators and school administrators viewed the new units as

"a quick and economical solution to the current classroom shortage," according to Schools Supt. Wallace Mueller.

The strength, speed of construction and low cost of pre-fabricated steel school room units was explained to visiting officials by Village Architect Don Wexler and representatives of United States Steel Corporation and the building contractors, CalCor Builders.

It was pointed out that the weather and fire proof buildings were completed in a record 57 days at a cost of slightly more than \$12 per square foot.

## Nation's Cold Wave Takes Heavy Toll

Forecasters See No Relief In Near Future

By UNITED PRESS

The nation's marathon cold wave claimed a mounting toll of lives today and weathermen said no letup was in sight.

Fresh snow flurries whipped up-state New York, already struggling under the burden of three-foot snow accumulations and towering drifts. Heavy snows fell as far south as Texas during the night.

A UNITED PRESS count since the frigid blasts hit the nation last Thursday night showed at least 76 persons dead in accidents blamed on exposure, weather-caused traffic accidents and fires.

A tragic fire today killed a father and his seven children when they were trapped by fire on the second floor of their Alliance, Ohio, home.

Fire Chief Milo Sights said the father, Robert L. Lilly, 40, apparently tried to flee but was overcome by smoke. The children were too frightened to jump and were found huddled together in a clothes closet, firemen said.

AT LEAST 21 persons died in the New York State blizzard, three of them Tuesday. Thirteen died in New England, nine in Oklahoma, eight in Texas, five in Pennsylvania, three in Illinois, two each in Indiana, Maryland and Ohio. One man burned to death in Maryland when his clothing caught fire as he stood warming himself in front of a stove.

Other fires caused heavy damage in several communities around the nation. Twenty-six firemen and policemen suffered injuries and frost-bite fighting a stubborn blaze in a Milwaukee, Wis., business section.

WEATHERMEN SAID a nearly stationary high pressure system stretching from the Lower Mississippi Valley into Siberia was responsible for the prolonged cold wave.

"Any quick change towards springlike weather is quite remote," the Chicago Weather Bureau said.

## Sixth Candidate Files for Council In District 2

Hiram Gordon, 37-year-old Palm Springs cement contractor, today became the sixth candidate for City Council in the highly contested District No. 2.

A resident of Palm Springs since 1934, Gordon is married and has three children, all girls. He lives at 471 North Calle Santa Rosa.

GORDON IS A partner in the firm of Stokbak and Gordon, plastering contractors, is an officer in the Palm Springs Masonic Lodge, a member of the Moose Lodge and of the Coachella Valley Contractors Association.

He said that he had made up his mind to run for election only after he had talked with other candidates and found that they would not represent the district in the manner he had hoped. He said that he was prevailed upon by this group to run for the position, and after long consideration filed his papers yesterday.

OTHERS IN the contest for the District 2 position are incumbent Jerry Nathanson, Frank Bogert, Lawrence Chatman, Bud Southern and Rev. W. Mack Davis.

## Subcommittee Subpoenaes Ex-Counsel

Asks Testimony On Explosive Miami TV Case

WASHINGTON — A House Investigating Subcommittee today subpoenaed its ousted chief counsel, Bernard Schwartz, to testify Thursday on a politically explosive Miami TV case.

Schwartz said he would accept service of the subpoena later today.

HE TALKED WITH newsmen after conferring briefly with Subcommittee Chairman Oren Harris (D-Ark.) at Harris' committee offices. Schwartz said he was called to the office by Harris.

Schwartz was subpoenaed shortly after Sen. Wayne Morse (D-Ore.) agreed to return to Harris' subcommittee some files which had been turned over to him by Schwartz after Schwartz was fired as subcommittee counsel.

BUT MORSE, who already had studied the documents, said he would ask for a separate Senate inquiry into allegations of high-level misconduct contained in the papers.

Schwartz said he also took a large collection of what he called his own "working" documents to Sen. John J. Williams (R-Del.). But Williams said he did not have any of the papers.

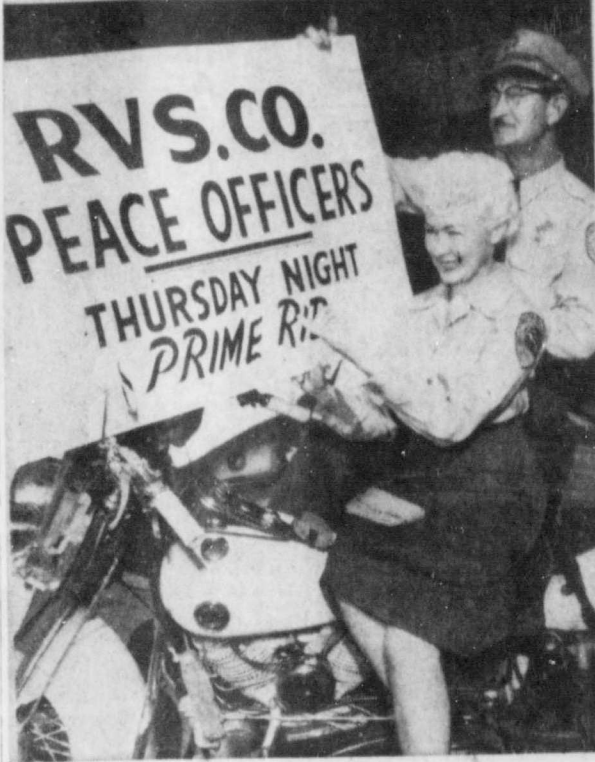

THE MIAMI CASE Schwartz will be questioned about involves an award of TV channel 10 by the Federal Communications Commission to National Airlines. The FCC overruled its field examiner in making the award to the airline.

Morse said his hasty perusal of the files indicated to him that "they bear out that the Eisenhower administration is honeycombed with political immorality."

## Board to View Classroom Plans

## United Fund Opens Drive For Village's Hotel Division

Palm Springs United Fund today opened a new campaign for the hotel division of its \$102,500, 1958 fund drive.

Teams of volunteer workers prepared to call on operators of 360 resort area hotels who have not contributed to the combined appeal.

United Fund Chairman Homer Hilton reported that 33 Village hostilities have responded to mail solicitations by donating \$1,967 towards the campaign goal.

HILTON NOTED that individual hotel donations have increased over last year's Community Chest Drive, but he cautioned hotel owners to contribute "half again as much" this year to cover all the agencies involved in the United Fund appeal.

Hotel division volunteers, briefed by division chairman Adele Colgan, planned personal visits to all area hotels. Volunteers were asked to stress the fact that United Fund

represents all area and several national charities.

POINTING OUT that volunteer workers are donating their time and energy to promote the successful conclusion of the drive, Hilton asked hotel men to expedite their contributions.

"Volunteers are taking time out from their families, children and businesses to perform this service," Hilton explained. "Please do not make a volunteer return time and again to pick up contributions."

COUPLED WITH the recent door-to-door business campaign, Hilton said the current hotel division drive will bring a marked increase to donations.

"It is urgent that the United Fund goal be reached," he said, expressing the hope that the first annual United Fund drive could be completed by the end of February.

## Council Starts Annexation of Sections 34, 35

City Council last night adopted a resolution of intention to annex two square miles to the south of Palm Springs at the entrance to Palm Canyon.

The sections, 34 and 35, are uninhabited territory and can be annexed without holding an election. The Planning Commission and the City Council will hold hearings on the proposed action.

The two sections are proposed as the site of a municipal golf course.

## 'Chins-Up' Statement Issued Today

Prediction Follows Monthly Report On Unemployment

WASHINGTON — President Eisenhower predicted today that the recession will start to end next month and employment will pick up.

In a special, written statement, the chief executive acknowledged that unemployment currently is bringing hardship to many Americans, but he said he is convinced that better days are in sight.

THE PRESIDENT issued his "chins-up" statement in the wake of estimates by the Labor and Commerce departments that unemployment went to 4,494,000 in mid-January, the highest since 1950.

The one-month increase of 1,000,000 in the number of jobless caused official and public alarm. The President also obviously was concerned about demands in Congress that the administration take drastic steps promptly to prevent a depression.

HE SAID THAT from the best advice he could get he believed "that we have had most of our bad news on the unemployment front."

"I am convinced that we are not facing a prolonged downswing in activity," he said. "Every indication is that March will commence to see the start of a pick-up in job opportunities. That should mark the beginning of the end of the down-turn in our economy, provided we apply ourselves with confidence to the job ahead."

"AS AMERICANS we have a responsibility to work toward the early resumption of sound growth in our economy."

The President added, "I have confidence in the recovery of our economy later this year..."

Tuesday he announced a two billion dollar program for modernization of post office buildings and equipment during the next three to five years as one major "pump-priming" effort to speed an economic upturn.

TODAY HE SAID the administration is engaged in "systematic and comprehensive planning for expansion and modernization of public works and buildings, all of these useful public projects to be taken off the shelf when they could most appropriately be undertaken."

"In all these matters of government policy," he said, "it is well to remember that with an economy as complex as ours, it is necessary not only to avoid the taking of wrong steps but confidently take the right ones. This we propose to do."

HE CONCEDED that the latest unemployment figures indicated a sharper than usual drop in economic activity for this time of year.

## Doctors Believe First Space Traveler Needs Companion

SAN ANTONIO, Tex. (AP) — The first space traveler should have a companion rather than rocket alone above the earth, a doctor suggested after observing the first three days of a man's simulated trip to outer space.

"A cabin which could support a crew of two or more—a mutually dependent crew—would be more desirable for future orbital flight," Dr. George H. Steinkamp said Tuesday.

STEINKAMP, CHIEF of the Air Force's Department of Space Medicine, has been watching Airman Donald G. Farrell's reactions as he "pilots" a three-by-five-foot steel chamber simulating the conditions of a flight into space. Steinkamp indicated he had

reached his conclusion from observing Farrell during his stay in the chamber since Sunday, but would not say so specifically.

Steinkamp pronounced Farrell "mentally keen" and doing "excellently" at the end of the third day of his "flight." He said there was no sign of wear on the 23-year-old airman's body or nerves.

THE BRONX, N. Y., airman pleased doctors controlling the experiment by solving his first space problem by making a substitute for a forgotten comb.

He taped toothpicks to a piece of cardboard and then, with evident satisfaction, scratched his blond hair with it.

Farrell has until Sunday morning to remain in the small airtight chamber. While there he is under close observation by scientists from the Air Force's School of Aviation Medicine to determine whether man's nerves can stand the strain and loneliness of a space flight.

## Natural Gas Bill Killed by \$100,000 Republican Fund

WASHINGTON (AP) — A \$100,000 Republican fund raised by Texas oil men today appeared to have killed for a second time their politically explosive natural gas bill.

Some congressional figures who called the bill as good as dead compared the fund with a \$2,500 campaign contribution offered Sen. Francis Case (R-S.D.) by an oil company in 1956 when a similar bill was before Congress. Case publicly rejected the contribution, causing a sensation.

THE MEASURE, which would sharply relax federal controls over producer prices for natural gas, passed then but was vetoed by President Eisenhower because of what he called "arrogant lobbying tactics" in the Case affair. He said the principles of the bill were desirable nevertheless.

Summing up today's sentiment of several congressmen, Sen. Ralph E. Flanders (R-Vt.) said: "The oil and gas people are using oil and gas to cook their own goose."

FLANDERS, who voted for the measure in 1956, said he would be in the negative if it came up again because "now the merits (of the bill) are obscured by the people pushing it."

Rep. Morgan M. Moulder (D-Mo.), who also endorsed the bill earlier, said he was likewise switching to the opposition after the Washington Post and Times Herald reported the Texas fund was raised to muster GOP House support for the bill. Moulder said that was the "last straw."

IN THE WAKE of the newspaper's disclosure of a letter written by H. J. (Jack) Porter, GOP national committeeman from Texas, was a king-size political headache for Republicans and a question of what was to become of the \$100,000.

GOP National Chairman Meade Alcorn, with President Eisenhower concurring, said the National Committee would not accept the money "in the light of the contents of the letter."

Porter, a Houston oilman, said Alcorn's action was "all right with me." He said the party in Texas "needs the funds as we have a large deficit."

## Coroner's Jury Absolves Levin Of Negligence

A coroner's jury yesterday absolved Richard Levin of any negligence in the death of Henry Hoyer, 73, San Francisco, after hearing testimony on the incident.

Hoyer died at Desert Hospital of injuries suffered when he was struck by a car driven by Levin while walking across Highway 111 near the intersection of South and East Palm Canyon Drive.

Funeral mass for Hoyer is scheduled for 9 a.m., Thursday, at Our Lady of Solitude Church. Rosary will be recited at 8 p.m., tonight, at Wiefels and Son Chapel.

A native of Holland, Hoyer was a retired janitor.

Survivors include a sister, Agnes Hoyer of Orchard Trailer Villa, and a brother, Bert Hoyer of Chicago.

## Council Orders Police Building

City Council last night approved the drawing of final plans and specifications on the \$295,500 police building which will be located across from the city hall.

## 5 Killed, 6 Injured as Jet Rams Concrete Building

RAPID CITY, S.D. (AP) — Five persons were killed and six others injured late Tuesday when a B52 jet bomber rammed through a concrete building while landing in a snow squall at Ellsworth Air Force Base.

Killed were two of the eight airmen aboard the demolished eight million dollar plane and all three men in the small instrument landing building. The survivors were treated for minor injuries.

WITNESSES SAID the giant plane, the nation's costliest bomber, hit and snapped a power line as it lumbered in through the snow for a landing.

It skidded 50 yards down the runway, smashed through the 10-by-10-foot building sending concrete blocks flying over the airfield and then plowed another 100 yards before stopping.

SIX CREWMEN leaped from the bomber seconds before it burst into flame. It was not known if the dead airmen were killed on impact or trapped and burned to death in the fire.

The two airmen and one civilian inside the landing building "prob-

ably never knew what hit them because there were no windows in the building, just solid concrete," an Air Force spokesman said.

Cause of the crash was not immediately known. A base spokesman said the snow was not a factor.

## Police Credit Alert Radio Clerk in Arrest of 3 Suspects

Palm Springs police today credited an alert Banning radio clerk with the arrest of two men and a woman suspected of spreading stolen and forged checks through an area stretching from the Village to San Bernardino. The trio was arrested at the Cabazon poker parlor Monday night only a few hours after they allegedly passed a bogus, \$183 check at a Palm Springs woman's clothing store.

THE WOMAN refused to give any information but her age, 32. She used the name of Mary Elaine Smith, of Arlington, to cash the check here. The men identified themselves as Robert Clifton Reynolds, 26, of San Bernardino, and Arthur Jones, 24, of San Bernardino.

Palm Springs Detective T. M. Aitken said the three had a total of \$1,800 with them when they were arrested by Cabazon officers who were tipped by Banning radio clerk Miss Ann Whiteburn.

AITKEN SAID THAT the trio allegedly took the checks in the Saturday burglary of the East San Bernardino County Water District office. All the checks were made out in the amount of \$183.01.

One of the men first attempted to pass a check at Ray's Men's Shop last night, but he was refused by store owner Ray Blumenthal. The man then bought a sweater and paid in cash, Aitken said.

AT THE SAME time, the woman cashed a check at a sportswear shop owned by Blumenthal's

SYRACUSE, N.Y. (UP) — Policeman David R. Seib spotted fresh tire tracks in a field, decided to investigate, drove his patrol car onto the field and the vehicle stuck in the mud. But Seib never did find out what vehicle managed to pass through the field, leaving a trail of tracks in the mud.

## Action on Salary Increase for City Employees Delayed by City Council Until Feb. 25; Study to Be Made of State Board Recommendations

Palm Springs City employees will have to wait until Feb. 25 for action on a possible pay increase, but at a preview of the survey by the State Personnel Board, given this week, it looks as though only about 38 of the 66 local job classifications will get the raise.

In a council luncheon meeting, City Manager Robert W. Peterson told the council that the budgeted amount for an overall salary increase to all employees of five per cent, would be more than enough to carry out the recommendations of the State Personnel Board.

IN THE NEW budget, there was \$25,000 set aside for an overall increase in January, but because of the survey that was taken by the state, the increase is already one month late and after yesterday's session will be two months late. It was decided that the matter will come up for action at the Feb. 25 meeting of the council to give the governing body a chance to look over the recommendations of the Personnel Board.

REPRESENTING THE state agency at yesterday's meeting was Jerry Riley, personnel analyst.

He explained that the reason for not recommending an overall increase for all city employees is that most of the salaries are in line with those paid in other cities for equal job classifications.

He said they had been surprisingly kept up to a standard, and surprised the local administrators who reported prior to the survey that the majority of Palm Springs salaries appeared to be below those for similar jobs in other cities of comparable size.

THE REPORT BY the state made no recommendations for the four non-classified jobs in the city — City attorney, city clerk, finance director and the city manager, and the council said they would hold a special executive session before Feb. 25 to consider them.

The engineering department was proposed for the greatest number of wage increases with 16 out of the 23 positions recommended for a rate increase, four salaries would remain the same and one job would be reduced in pay one step. The smallest recommendation was in the administrative and clerical departments, with increases proposed in three of 14 positions and 11 being held the same.

## 'Death' of Daily Worker Reflects Decline of Party

The recent "death" of The Daily Worker, national newspaper of the Communist party of America in New York, is highly indicative of the continuing decline of Communism in the United States.

Newspapers cost considerable money to produce. They must have circulation and advertising support at least equal to their expenses or go out of business.

The only alternative is an outside source of funds to subsidize publication. In the case of The Daily Worker the Communist party supplied financial assistance for many years as also did the Russian government, since the newspaper itself was their principal propaganda organ in America.

Founded 34 years ago, The Daily Worker experienced its heyday in the late twenties and early thirties, especially in the several years following the "recognition" of Russia by the late President Franklin D. Roosevelt.

Membership and activity in the Communist party in this country follows practically the same line.

Came the war with Hitler, and then with Japan, during which time Communists were vociferous, and busy stealing our military secrets, but not increasing in numbers.

The Communist movement has been waning steadily in the United States since 1945 with marked deceleration since the Korean war which the American people as a whole clearly recognized as the responsibility of Russia and Red China.

Meanwhile, in this country the many exposes of the Communist plots to control labor unions, indoctrinate our schools, and the numerous convictions

of persons selling or sending our military secrets to the Soviets has made Communism so unpopular in this country that the source of gullible candidates for initiation into the "party" has all but dried up.

All America and most of the world now knows that the standard of living in Russia is very poor. For all except the highest party leaders, clothing, food and housing are both deplorable and scarce. The "luxuries" of automobiles, refrigerators, TV and countless conveniences common in almost every American home are unknown to the Russian worker.

Even the Communists in this country are beginning to realize these facts. They, too, like our standard of living. They enjoy good homes, television, cars, fine clothes and a good steak as much as anyone. Is it any wonder that resignations from the "party" and practically no new members is the order of the day.

It is axiomatic and paradoxical but the stronger Russia becomes the more the Communist party weakens in America.

Launching by the Soviets of their Sputniks has not only rung the death knell for their mouthpiece, The Daily Worker, but has dealt the most telling blow of all against the Communist party in the United States.

Since we launched our "sputnik" this nation is now so united, determined and industriously engaged in beating Russia in the race for control of "outer space" that Communism has been completely buried in the avalanche of zealous Americanism sweeping over our entire country.

## 'Come Back, Little Bird Dog'

WASHINGTON, D. C. — South Carolina and California have sent us Senators Strom Thurmond (D) and Tom Kuchel (R) who have eyes unclouded for the public interest.

This clear-sighted faculty is not the usual thing in politicians. Too many of them think in terms of mass appeal, popularity and pity-the-poor. Such things relate only accidentally, when at all, to the public interest.

SENATOR THURMOND has a bill (S. 5) which could be superficially interpreted as showing no sympathy for unemployed workers and hardluck industry. We are so accustomed to politicians who blubber over people in difficulty, while picking their pockets for votes, that it seems astonishing when a lawmaker sees the bigger picture — the public interest.

Thurmond's bill would amend the Federal Property and Administrative Services Act so as to change the Government's policy on giving procurement contracts to areas which need the jobs and the income. The Senator's bill, in its own language, would prohibit:

"Negotiations for procurement contracts without advertising because of . . . labor surplus . . . disaster area . . . economically distressed area."

THIS MAY SOUND callous to the unthinking sentimentalist who sees defense spending as a way of spreading money and benefiting needy people. But Thurmond's reasoning goes toward a larger good for a larger number of people. He feels that the country as a whole should get the benefit of every dollar spent on defense and other Federal uses.

The idea of having our tanks, aircraft, missiles and rocket engines built by companies who need the contracts and by persons who need the wages is absurdly short-sighted. Such a policy is confronting Soviet Russia with something less than our best effort. It is endangering the USA, on whom the whole free-from-Communism world depends, for the sake of a few hard-luck persons and corporations.

NOT MANY \$22,500-a-year men in the House and Senate, with all the added privileges and prestige, would lay such a proposition on-the-line. They would remember what happened to Defense Secretary Charles Wilson when he incautiously got himself tangled up in a fable about bird dogs and kennel dogs.

In Thurmond's case, he is not talking from theory. He is working from testimony before the Senate Committee on Government Operations. After taking opinions from industry and Federal agencies, including the Atomic Energy Commission, the committee concluded that

"... THE USE OF THE procurement mechanism of the Government should not be used for the purpose of supplying relief to labor surplus areas or in disaster or economically distressed areas. If such assistance is needed, it should be supplied through other established means."

Senator Kuchel comes at the public interest from another angle which is far from being the sentimental and popular one. Kuchel is sponsoring a bill which, superlatively judged, might appear to love billboard advertisements more than the beauties of nature. This is far from being

the truth about Kuchel's position, but he is subject to that kind of misrepresentation by the Social Democrats who are supporting bust-business bills against the outdoor advertising industry.

IT IS VERY EASY, and quite nonsensical, for Senator Dick Neuberger (D, Ore.) to wring his hands over the Kuchel bill and to call it a denial of the poor man's right to look at trees. Neuberger has a rival bill which would prohibit by Congressional Act virtually all commercial signs on the new 41,000 mile interstate highway system.

But any reasonable scrutiny will show that, as between the views of these two Senators, Kuchel is legislating in the public interest. His bill encourages the 48 States to write their own legislation. It provides an incentive plan — a one per cent bonus Federal funds — toward highway construction.

IT MAKES A SENSIBLE distinction between virgin territory, which comprises about 75 per cent of the proposed highway system, and industrial sites where there is obviously no beauty to preserve. Finally, the Kuchel bill takes account of the rights of the States. In contrast the Federal prohibition bill by Neuberger, although loosely appealing to weedy Populists, seems quite unrealistic and not within the meaning of the Federal or State constitutions.

To be an indulgent politician, like an indulgent parent, is the path of least resistance. It takes mental and moral fortitude to be far-sighted and intelligent in both these capacities. —Holmes Alexander.

## Dear Abby...

DEAR ABBY: I am always so embarrassed whenever I get a gift of cash. In the first place I think it sounds bad taste for a person to give some money because it shows that they don't even want to take the time or give a little thought to selecting a present. Writing "thank you" notes for a money gift is so hard. What can I say? "Thank you for the money?" NOT PLEASED

DEAR NOT: Your attitude is wrong. Many people give a gift of cash because they are not sure of the size or your preference of color — or simply because they want you to have ex-

actly what you want. A gift of cash is far better than giving a "white elephant" or something that has to be exchanged.

DEAR ABBY: I traded a neighbor my husband's old tuxedo for what was supposed to be a thoroughbred Siamese cat. This cat is so dumb that she doesn't even know her own name. I call her and she is three feet away from me and she doesn't even look up. My son says that all cats are naturally dumb and I should not expect too much from this one because, after all, it is not a dog — it is

only a cat. Is he right or can you train cats to come when you call them and so forth? CAT OWNER

DEAR OWNER: Cats can be trained. If your cat doesn't even look up when you call her, maybe she is deaf. Take her to a vet. Some cats are smarter than dogs.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

## In the Waiting Room

## THIS SIDE of The Sun

By Phat

Today we honor Honest Abe, The sixteenth president. He kept the nation in one piece When with dissolution rent.

Abraham Lincoln kept the United States from falling apart "four score and seven years ago," and today we celebrate his birthday.

That is, in 34 states we do.

USE OF THAT "fourscore and seven years ago" is really taking liberties with history. It was four score and fifteen years ago — 1863 when he delivered his famous Gettysburg address which starts out "four score and seven."

The reason I know that's the way it starts is because when I went to school we used to have to learn that address by rote. By heart, as we said then.

BY THE WAY the other night not being in the mood for Who-Dun-Its, I did some light reading, a spot of history.

The author said that Lincoln's Gettysburg address was "the peak of American eloquence."

The author of that work apparently never watched a national convention on TV.

When the Republican and Democratic orators really bust their buttons.

ALSO NOTED that, down here in the office, all of the calendars have Feb. 22 in red numerals or some other color that stands out.

But only half of them have February 12 similarly displayed. Was irked at first. Thought they were slighting Abe until I did some research work.

There are only eight Federal holidays and Lincoln's birthday isn't one of them.

THESE HOLIDAYS, too, apply only to the District of Columbia. There are no National holidays. Each state has to designate its own legal or public holidays.

That's why this is a public holiday in 34 states and two territories.

Washington's birthday is one of the Federal holidays. The others are New Year's Day, Memorial Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving and Christmas.

On those days federal employees — note, I didn't say workers — in DC and all over the world, lay off.

## STAN DELAPLANE'S Postcard

Last night I went over to the Montenegro Bar of the posh Hotel Del Prado where a Mexican columnist sat at the bar. Eight Mexican policemen watched him moodily.

The columnist said the waiter, had been drinking for 24 straight hours. There had been two fights. "When the fight starts, everybody runs out and does not pay the bill."

"Why don't the cops give him the heave-ho?" "WHY IT IS WELL known the columnist carries a pistola .45," said the waiter. "If he started to shoot, it would cause a scandal, no? He might shoot a tourist. Perhaps you."

"That is an uncomfortable thought."

"Clearly," said the waiter. "It decreases the business."

THE MEXICAN night begins late. The cocktail hour is at 8. Dinner begins about 9 and goes on until midnight.

After midnight, the guides hustle the visiting firemen to what Mexican papers call "vicios." These range from clattering night spots like the "Thousand and One Nights" to more direct viceries. Such as the famous "La Bandita" — the "Lady Bandit."

A fairly frank appraisal of the entertainment place.

THE CABARETS have cabaret girls — "cabaretas." They get a percentage on the drinks.

The Mexican police are efficient and the daily crime news is mild compared to the States.

The biggest news today is a cabaret named Angela Fuentes. Angela, it seems, has been making eyes at the owner of the vicio. This burned the tender heart of the cashier, Dolores Villanueva, who claims the owner for her own.

DOLORES SOUGHT out Angela at a nearby chili stand and uncorked at big 45. "She loosed five shots, none of which hit the intended victim," says El Universal. "She then hit her over the skull causing four fractures."

As a added information, the journal reports that one of the bullets hit the leg of Jesus Madrigal, truck driver. Jesus was peacefully eating tortillas at the counter.

THE MEXICAN columnist ordered four Scotch — and — sodas in a row. Each one slipped through his fingers and crashed on the floor. He did not look down. Just picked up another and dropped it.

"Take your hands off me," he said to a waiter who tried to help. The waiter retired behind a pillar. The eight policemen looked at the ceiling and sighed.

"HE BECOMES more dignified," said the waiter. "A very dignified man."

The manager of the Del Prado peeked in the door. He looked extremely said. The Montenegro Bar is something equivalent to "21." With prices to match. Business was poor. Most of the customers had retreated to less stormy centers.

The cabaret girl is known slangily in Mexico as a "bruja." A witch. When she rolls her eyes and asks for another drink, the hep cat Mexican says:

"BRUJAS A MI? No, no, Senor! Bewitch me? Not a chance! The bruja gets off work at 3 in the morning. While they work they intimate that they would love a quiet stroll in the park at closing time. But at 3 they generally go out to powder. There is a back door exit.

The mark gets the check and is advised "the Senorita has been taken ill."

THE COLUMNIST drank his Scotch in a dignified way, looked around haughtily and announced he was leaving. The eight policemen trailed him out the door.

As he left, the hardy onlookers applauded.

## GRIN AND BEAR IT

By LICHY

"My committee is much impressed with the success of this test, general . . . Even in Congress I've never seen a million dollars disappear so rapidly!"

## EARL WILSON:

## Working Girl

NEW YORK — "Beautiful but broke" Erin O'Brien phoned a New York friend, Mrs. Jeanne Sager, from H'wood one recent afternoon—which caused the New York friend to exclaim:

"Erin, what are you phoning now for, instead of waiting for the evening rates?"

"I'm almost out of debt now and we're going to talk 15 minutes!" announced Erin.

It was a milestone for Erin—and they both cheered. Mrs. Sager had lent Erin dresses when she first came to New York only 18 months ago to get discovered here. And a few months before that Erin had been so broke that she took an \$18-a-week barmaid job in Los Angeles. She proceeded to squirt beer over a lot of customers—so her tips were small.

One evening Erin, her husband, singer Jimmy Fitzgerald, and their two children were having hamburgers at a Los Angeles drive-in.

An agent, Jimmy Joyce, spotted her, decided she was beautiful, learned her name, and tried to phone her—but she had no phone. He wired her.

"He wanted me to audition for a stage show," Erin says. "I was too tall; so he said, 'Why don't you audition for Godfrey's Talent Scouts?'"

"I did, and a few days later I was in New York going on the air with Peter Lind Hayes and Mary Healy."

She was still broke, she was borrowing clothes even when she went on Steve Allen's "Tonight" program. One night in the summer of '56 Mrs. Sager and her husband Jerry, a public relations man, invited Erin to the preview of "The Ten Commandments" where they introduced her to big shot Ben Kalminson of Warner Bros.

He sent her back to California to try for a part in "Marjorie Morningstar."

"I met Gene Kelly and he said, 'Miss O'Brien, I feel you're too tall for the part.' So I asked to be out of it . . ."

But Warners signed her anyway and she's now done four westerns, two featured films, network TV shows, and has cut an album and launched a night club show. "I've also been to the Far East with Bob Hope's troupe," she says.

"My husband Jimmy should have done the album—he's really a singer," she adds.

Jimmy's production singer at TODAY'S BEST LAUGH: Henny Youngman was annoyed on a plane trip by a boy running up the aisle. Finally Henny snapped, "Look kid, go outside and play!"

WISH I'D SAID THAT: Nowadays couples are considered incompatible if they can't agree on watching the same TV show.—Fred Dodge.

Something has been discovered, writes Jack Herbert, that'll do the work of 100 men. It's 50 women. . . . That's real, brother.

## MIKE CONNOLLY:

## Murray to Have Role of Christ

HOLLYWOOD — Don Murray will play the key role of The Christ in the next Fox film, "The Greatest Story Ever Told"—which is, of course, the story of Christ . . .

Teresa Wright and playwright Robert ("Tea and Sympathy") Anderson are tuning up for June . . . A Los Angeles attorney turned down Charlie Chaplin's appeal to untangle the red tape that's keeping him out of the U. S.

Dunno why everybody's so surprised over the marital bustup of Betty Hutton and Alan Livingston. It ran in this column in late January . . . Frantic, Fantastic Frances Faye's next album will be titled "Belin a Beat with the Boy Next Door" . . . Ethel Barrymore's medico maintains her busted left wrist (it was broken when she fell in her bathtub) will be in fine shape before the Easter bunny bounces in.

MICKEY SHAUGHNESSY hates horses. Mickey Rooney loves horses. Shaughnessy will ride a nag in Fox's "Nice Little Bank That Should Be Robbed." Rooney Won't. And that's the way The Cutty Sarks in Hollywood.

Debbie Reynolds waited all by herself in a nearby restaurant for her husband while Eddie Fisher joined the other members of Hollywood's Friars Club at a stag banquet toasting Dean Martin for his work in helping to build a new wing at the City of Hope.

Toastmaster George Jessel's jibe at the Dean "do": Jerry Lewis isn't here tonight not because of any bad blood between himself and Dean but because he's a very busy man these days. Today, for instance, he wrote three plays, composed a symphony, directed a movie and discovered a cure for cancer!

THERE WERE ALSO (CENSORED!) stage-type toasts to Dean from Sammy Davis, Jr., Frank Sinatra, Parkyarkus, Tim ("The Kingfish") Moore, George Burns, Tony Curtis, Edgar Bergen and Jack Benny — mostly unquotable, but all in fun and, as Benny pointed out, "It's just as well our dear friend Irene Dunne COULDN'T make it tonight!"

That noise you just heard was my arteries hardening over the news that Wendy Barrie will soon be a grandmother . . . Anna Lee, Venetia Stevenson's mother, snarled the widow role in "The Last Hurrah."

Isidor Bergman writes that she'll return to Hollywood in mid-

April after she finishes shooting "The Inn of the Sixth Happiness" in Hong Kong. "To renew some old friendships" — Ingrid's first visit here since she fled to wed Robert Rossellini . . . Barbara Nichols says there's one nice thing about kids: they never pull out pictures of their grandparents!

TV TOPICS — A voice out of 20thFox (let's call it "Vox Fox") tells me the studio is clamping down on letting its players do TV shows, "because it takes up too much of their time away from the studio."

So, despite the fact that Foxites Joanne Woodward, Dana Wynter and Paul Newman have appeared on various Playhouse 90s recently, Fox refused to loan Bob Wagner out for the role of executed murderer Donald Bashor in that exciting script, "Portrait of a Murderer."

CBS-TV IS TAKING a short breather in its long-winded talks to convince Bing Crosby to sign his name to a five-year telecast with the net — but the broadcast biggies, always in there pitching, will be back on the argument beam just as soon as Der Bingle bounces back to Hollywood from his Palm Desert hideout.

Colgate, eager to boost the slim ratings of its Thin Man series, strongly suggested to the show's producers that a lighter, frothier format is in the offing because whatever TV sponsors want, TV sponsors get! ABC-TV and Warners are thicker than thieves these days cooking up a production conspiracy that, if consummated, may well wipe the final vestige of a smile off Ed Sullivan's already Gloomy-Gus face. The deal: A half-hour action-adventure teleseries to immediately follow Warner's highly-lauded Maverick series on Sunday nights — a one-two punch that could floor the Irishman and keep him on the canvas.

STUDIO ONE producers, undaunted by the blasts of New York critics following the show's recent move from Gotham to Hollywood, tell me they would have been more amazed had the blasts NOT come. Chalk it up to sour grapes, say they, so chalk it up to sour grapes is exactly what I'm doing.

Ann Blyth's NBC-TV visit with Dinah Shore was a great warm-up for a similar stint set for Annie's guesting with Eddie Fisher next month, same channel . . . Gower Champion puts it this way: "A girl with beautiful stems will never be a wallflower."

MERIT AWARD FOR the best pages of interest Governor Goodwin J. Knight at the California Newspaper Publishers Association convention at Desert Sun Publisher Ward J. Risvold, left, by Coronado last weekend.

First Aid Class  
Planned Here  
On Wednesdays

Could you administer First Aid if your neighbor had an accident? Would you know what to do if someone was burned, badly cut or hurt in a fall? Would you be able to save a child — your own?

Red Cross officials asked this today, adding "if you want to know what to do in an emergency, sign up for the Red Cross First Aid class."

The first session will be held Wednesday, Feb. 19, from 7:30 to 10 p. m. at the Girl Scout House, 987 Avenida Caballeros.

The course is completed in a maximum of seven sessions, and will meet each Wednesday. If qualified in the Standard First Aid (Red Cross card expires every three years), the Advanced course is also available.

Persons interested are asked to call Deedee Bennett, First Aid chairman at FA 5-6117.

## Three Arrested For Theft of Yellow Wheel

The Marines, charged with suspicion of burglary, are being questioned about the theft of a yellow wheel and tire from the Tanner Motor Livery garage last Friday.

Patrolman Neal Green arrested Thomas P. Briley, 18; John Joseph Cwierzynia, 19; and Alvin Clarence Hoppe, 18, of Twentynine Palms Marine Base, when he spotted a yellow wheel on their car.

A new tire mounted on a yellow wheel was taken off a Tanner car and replaced with a red wheel.

Green said the wheel on the Marine's car didn't quite match the three darker wheels. A wheel and a fender skirt of still another color were found in the car's trunk.

**QUEEN CANDIDATES** for the Purim Ball were among the guests at the party given at the home of Mrs. Raymond Chapman as a kickoff for ticket sales. Mrs. Chapman is on the right standing, and the three candidates, one of whom will reign over the Ball, are from left, Mrs. Mel Wasserman, Mrs. Harry Moore, Mrs. William H. Friedman. **A STORK SHOWER** given by Mrs. Noel Clarke at the Ranch Club, honored Mrs. Walter Flynn. Pictured, from left, are Mrs. Clarke, the honoree's mother-in-law Mrs. John J. Flynn; her mother Mrs. Josephine Elledge; and the guest of honor Mrs. Flynn.

### Oregonian Visits Here

Forrest J. Berg, president of Charles J. Berg, Inc., one of Oregon's largest women's specialty shops, is vacationing in the Village at Las Siesta Bungalows. Berg, who is one of Palm Springs' veteran visitors, has been coming here since 1937. His enthusiasm for and love of the desert has influenced many northwest people to visit the Village and many of them come back year after year.

### Party Kicks Off Ticket Sales

The Sunday night party hosted by Mrs. Raymond Chapman at her home in Deep Well, was a kickoff for ticket sales for the Purim Ball which will be held March 8 at the Jewish Community Center. More than 45 attended the party which was given by the Mr. and Mrs. Club of the Center. Among them were the three Queen candidates, one of whom will reign over the Ball, depending on which one sells the most

tickets. Candidates are Mrs. Harry Mohr, representing B'nai B'rith Chapter; Mrs. William Friedman, Women's Group; and Mrs. Mel Wasserman, of the Mr. and Mrs. Club. Mort Rosenbaum is in charge of arrangements and ticket sales.

When ironing dark-colored clothes which have been starched, iron them on the wrong side of the fabric for a professional-looking result.

### Almonds Make Dessert Fancy

An easy way to dish up a fancy dessert is to top ice cream, pudding or cake with silvered almonds. Cut the almonds immediately after bleaching when they are soft and tender. Spread them in a shallow pan and roast in a slow oven (300 degrees), stirring frequently until light brown. Add them "as is" to the desert or sprinkle over a rich topping, such as chocolate or marshmallow sauce.

### Friends Give Surprise Shower For Mrs. Welsh

Friends of Mrs. Quincy (Jean) Welsh surprised her with a baby shower at the Racquet Club Road home of Mrs. Joe Johnson Friday night. Along with the many lovely baby gifts Jean received, was a screened bassinet and a miniature ferris wheel from which hung red valentine hearts with silver dollars held to each side with shiny aluminum foil.

A beautifully decorated sheet cake centered the table and was served with candy hearts, pink bon bons and coffee. Nut cups were fashioned from miniature napkins in the shape of three cornered diapers held in place with a tiny gift safety pin.

Among the many guests were Maggie Florio, Munya Shout, Sarah Freedman, Vera Langston, Louise Purnell, Grace Weatherford, Estelle Schiller, Virgie Dragovich, Frances Santoro, Mild-

### Betty Luce at CREA Meeting

C. R. E. A. Women's Division luncheon in San Diego Saturday was attended by Betty Luce, representative of the 14th District, and associate of Terry Ray Real Estate.

A Valentine's theme was carried out from red and white corsages and table bouquets to individual valentines for each guest. There were beautiful colored programs picturing historical places in and about San Diego. Charles E. Porter from the Chamber of Commerce, San Diego, outlined all the aims and needs of their fast growing city.

Virginia Boggs, Bellflower, chairman of the CREA Women's Division for the State of California, and Pearl Brown, Chairman of the red Veano, Tess Potter, Syd Finerman, Angie Bodron, Doris Gregg, Gladys Helm, Gertrude Eoyle, Esther Driscoll, Pauline Flannery, Angela Alessandro, Mary Jo Wood, Mary Sitter, Jean Patang, Sally Ohrt and Margene Johnson.

Southern Division introduced the program and guests.

H. Jackson Pontius, state secretary, read the purposes of the Women's Division and commended the women for their support of vocational and legislative drives and also the Glenn D. William Fund. He stressed the fact that all women members of CREA are eligible for membership in the Women's Division, also that 20 per cent of all California licensees are women. Hazel Grant King, first chairman of the CREA Women's Division 34 years ago in Long Beach, told how the Division was founded.

Women members of the Palm Springs Real Estate Board may call Betty Luce, at FA 5 2064 for further information regarding the Women's Division.

To save scorched food, plunge the bottom of the cooking pan into cold water before transferring it from the burned pan to another. The charred taste then is much less noticeable.

### Luncheon Shower At Ranch Club For Mrs. Flynn

The Ranch Club looked like Storkland Friday afternoon when Mrs. Noel Clarke entertained at a baby shower in honor of Mrs. Walter Flynn.

A white umbrella sheltering a miniature size stork made an impressive centerpiece for the buffet table. Two long tables were set up for the guests and decorated in pink and blue ribbons with baby orchids and baby storks used for decorations.

Among the many honoring Mrs. Flynn were Mes. Tom Neal, Gary Sanders, Kenny Herman, Arthur Robinson, Paul Hodnik, William Ford, Robert Higgins, John Noyes, Kenny Price, Donald Stone, Wally Harpst, Jimmie Bernard, George Harshman, Gordon Brown, Joe Rauche, William Butler, William Kenaston, James Scott and Joe Spata.

Also Norma Crann, Myra Harris, Pat McIntosh, Ruth Henderson, Elise Rogers, Blanche Cummings, Mary Pickard, Genevieve Tally, Ardis Orr, Shirley Allegrini, Michelle Ailor, Ginger Tomoc, and phine Elledge from Alhambra, and Mrs. Flynn's mother Mrs. Josephine mother-in-law Mrs. John J. Flynn.

### Use Wine with Sauerkraut

Here's a new recipe to try on sauerkraut fanciers. For 6 persons, combine 3 pounds sauerkraut with 3 finely chopped garlic cloves, 1 teaspoon freshly ground black pepper, and 1 fifth of white wine. Cover the pot and simmer for 4 to 6 hours over a low flame, adding more wine if necessary.

Something new to Palm Springs . . . will be the Wine Tasting at Ocotillo Lodge tonight . . . when some of America's finest red and white wines . . . grown in the north coast counties of Napa and Sonoma . . . will be sampled . . . This is an official wine tasting . . . and some of the leading vintners will journey south for it . . . Besides the sparkling wines there will be glittering personalities . . . like Betty Grable and Harry James, Rock Hudson, Rhonda Fleming . . . Liberace, Hugh O'Brian, Errol Flynn, Alan Ladd . . . and a couple of the Marx Brothers . . . to add brilliance to the affair . . . which is a benefit for City of Hope . . .

Sponsored by the Palm Springs Chapter of City of Hope . . . the party also honors Elsinore Machris . . . who, because of her great contributions to City of Hope, has been named honorary president of the local chapter . . .

Fred Benrath, connoisseur of fine wines, has been working with the Dimsdale brothers of the Candlewood Room . . . and Joe Dunas and Bob Alexander of Ocotillo . . . to make this a distinguished event . . .

Invitations were sent out to a select list . . . and advance reservations have been very good . . .

They don't play polo . . . and as a club they have no dues or by-laws . . . but the Polo Club is one of Palm Springs older organizations . . . with a limited membership . . . and a fun-loving tradition . . .

Maybe it's the people who belong to it . . . and maybe it's because they just get together for the fun of it . . . but Polo Club meetings are different . . . and it's an honor to be invited to attend . . .

Melba and Frank Bennett, Jack and Helen Kenaston were hosts at Sunday night's monthly dinner held in the clubhouse out at the polo grounds . . . This meant that the two women had worked all afternoon decorating the clubhouse with valentine symbols . . . and the men were bartending . . . while the women acted as a welcoming committee that night . . .

The reception turned out to be even warmer than usual . . . and maybe they overdid it a little . . . for one of the heart wreaths of artificial flowers practically exploded into flames . . . creating a disturbance in the crowded room . . .

Luckily it didn't do any damage . . . or spoil that exuberant mural along one side of the clubhouse . . . The mural is a memento of an old Desert Circus . . . the combined work of Earl Cordrey, Bud Graves and Stewart Williams . . . and it's really a bit of Village history . . .

We lined up for chow . . . prepared by Jack Boyer . . . and after the steaks had been consumed . . . President Stewart Williams started the informal program . . . which collapsed under the pounding of spoons and the members talking him down . . . This is traditional, too . . . as is Fred Watson's impromptu and witty poetry . . .

With Helen Kenaston at the piano . . . and Melba Bennett perched on top of it (an upright, yet) the music started . . . It wasn't very recent . . . and it wasn't always in the same key . . . but it was fun like you don't always find at more sophisticated affairs . . . or maybe this is it . . . and it's just the most . . .

Charel de Thomee hosted a few friends at cocktails . . . Saturday evening preceding the Golden Nugget Ball . . . Among those enjoying the friendliness and pleasant conversation at Charel's menage were . . . Marjorie Rambeau (making her first appearance socially since her illness) and her husband Francis Gudgeon . . . Lord and Lady Essenden of London, England, Lottie Davies . . . Pete Luboch of London, Elaine Elser,

CANDLEWOOD ROOM at Ocotillo Lodge will be the scene of an official wine tasting of premiere California wines this evening, a benefit for City of Hope. Here, Elsinore Machris, honorary president of Palm Springs Chapter and Chapter officers and Ocotillo officials preview some of the wines from California vineyards. Pictured, from left Mrs. Machris wearing a wine stewards key, Jim Phillips, Faye Brezin, Ed Davidson and Hilda Marranis.

## Today's Sport Parade

By OSCAR FLALEY  
United Press Sports Writer

NEW YORK (AP) — A number of dazzling dog facts are evident today in the wailing wake of the Westminster Kennel Club's annual puppy parade.

These are, absolutely without order:

—The smallest dogs have the biggest names.

—Whale meat steaks are a new delicacy for chow hounds, man or beast.

—Gray greyhounds are a rarity.

—Just because Towser is full of ticks it doesn't make him a good watch dog.

—Dogs named "Rover" have to wind up with an inferiority complex.

**GETTING A HANDLE** for these blue ribbon hounds must be as tedious as balancing the budget. For instance, a peke, one of the smallest dogs in the show is called "Alderbourne Kenure of Kenthill of Robwood." They can trace his lineage back farther than the Vanderbilts and when he barks it sounds like he's saying, "Stand aside, peasant."

The biggest animal in the show was "Sir Gerlet of Ambleside," an Irish wolfhound who eats three pounds of meat at a clip. He stands 7-feet-6, when he rears up, which is six inches taller than basketball's Wilt the Stilt Chamberlain. Sir Gerlet, however, can't shoot fouls.

Broadway and the ladies have had a resounding effect when it comes to tagging these pampered pups. There are Great White Way overtones in such as "Wishing Well's Brigadoon," a Highland terrier; "Bachel's Naughty Nanette," a poodle; "Freedom's My Fair Lady," an air dale; a pom titled "Timber Ace's Mister Wonderful," a dachshund known as "Terndon's Kiss Me Kate," and a boxer, "Merry Widow of Clover Downs."

**THE DOGGY SET**, it may be suspected, also is liquidly cognizant. If you don't think so, get a load of these:

"Jericho's Little Brown Jug," a job named "Wee Wee Martini," and "Champagne Caprice," all poodles; "Stib's Sparkling Burgundy," a doberman; "Badger's Moonshine," a schnauzer; "Elvynne Real Scotch," a terrier, and his running mate, "Sherella's Daiquiri," a peke called "Winelet Venencia," and a St. Bernard named "Brandy Keg's Tinker Bell."

A basenji named "Cannibal King of Koko Crater" got a lot of attention. And when he started to demonstrate, I backed hastily across the aisle into a bench which contained a sheepdog called "Meadow Ridge Stitch in Time."

Next year I'm taking my own protection. The biggest, toughest, meanest alley cat I can find.

## Class in Hunter Safety Planned By Police Dep't

Palm Springs Police department will hold a hunter safety course for young men Thursday, beginning with classroom study in how to handle firearms and ending up with the actual firing of the guns on the police firing range.

Behind the course is study of the correct handling and care of guns by young men who will and are handling them.

It is not a course that will issue a license for hunting, but a course which is now mandatory in order to obtain a hunting license in this state.

Each person who completes the training will receive a certificate that will be presented when he seeks his hunting license.

Instructor at the meeting Thursday will be Bert Cameron of the National Rifleman's Association, and will be at the police department at 7 p.m.

Banning High School's Broncos knocked Palm Springs High's Indians out of any chance to get into the California Interscholastic Federation play-offs Tuesday night when they sank the local quintet 52 to 46 in a fast basketball game on the loser's floor.

The visitors made it a clean sweep when they upset Palm Springs' Bees 41 to 34. The defeat also knocked the Panopse five out of contention in the Riverside County League race.

**BANNING**, co-champions last year, is but a half game behind Coachella's Arabs and can win the title again when they meet Coachella on the Banning floor next Tuesday.

The Broncos exploded in the second period last night for 23 points to lead at half time, 37 to 21.

The two teams had battled almost even in the first period in which Banning held only a 14-12 edge.

**THE INDIANS** put on a desperate rally in the final period but the lead the visitors had accumulated in the second period was too much.

Joe Lewis was high scorer for the Warriors with 11. Bob Jackson had nine, John Iver, seven.

Palm Springs Bees drew away to a 19-15 halftime lead but Banning's Bees came back in the final period to defeat them.

**LEW HOAD**, Australian netter, who will renew his duel with Pancho Gonzales on the Palm Tennis Club on the evening of March 1. They will be here with Jack Kramer's touring professional tennis troupe along with Pancho Segura and Tony Trabert. In New York today, Gonzales said that Hoad's 9-6 game lead in their series won't last long.

## Hoad, Gonzales to Play Here Mar. 1

Local tennis enthusiasts will get a chance to see one of the hottest battles in tennis history when Pancho Gonzales, world's pro champion, squares off against Australian's Wimbledon champion, Lew Hoad, at Palm Spring Tennis Club March 1. It will be their 11th U. S. match in a 100-match tour for world net supremacy.

The lightning fast surface of the Tennis Club court will serve to accent the tremendous speed of both antagonists.

**THE RENEWAL** of their sensational net feud will be under lights and will be preceded at 8:30 p.m. by a preliminary skirmish that will send Pancho Segura runner-up to Gonzales for pro

net honors against Tony Trabert, former amateur champ.

Because of the fierce tennis that has marked the Gonzales-Hoad encounters in Australia, Los Angeles and San Francisco, their only Palm Springs appearance is expected to be another record-breaker in the attendance department.

**TENNIS CLUB** Pro Ed Meyer, who arranged the match with professional tour promoter Jack Kramer, said the desert spa's seating facilities will be geared to a complete sell-out. (Tickets are on sale at the Tennis Club, box seats selling for \$5.00 and general admission seats \$3.00).

The pro tour matches are the talk of the sports world. Hoad's sudden consistency as a winner has been a big surprise. The underdog when the tour got under way, Lew leads Pancho in their 15 tilts to date by a 9 to 6 margin.

**Gonzales Confident Of Catching Hoad**

NEW YORK (AP) — Pro tennis king Pancho Gonzales, fully rested after a leisurely trip from California, attempts to close the gap on rookie Lew Hoad of Australia at Madison Square Garden tonight in the 16th stand of their 100-match world tour.

Hoad held a 9-6 lead as they moved into New York but Gonzales was confident the "lucky garden" would start his comeback. He blasted Aussie Ken Rosewall in straight sets there last year despite a severe blister on his racket hand.

"So far, the breaks have decided our matches," said Pancho. "It's about time I started getting a few."

Tony Trabert and Pancho Segura meet in a one set preliminary. There'll be a doubles exhibition later with Hoad-Segura vs. Trabert-Gonzales.

**Giardello Rated 4 to 1 to Defeat Suzina Tonight**

PHILADELPHIA (AP) — Tough Joey Giardello was a 4-1 choice today to retain his top middle-weight ranking against unrated but explosive Frank Suzina in a nationally-televised 10-round bout at the Philadelphia Arena tonight.

The odds favored Giardello because of a split decision over Suzina last July at Milwaukee.

Fourth-ranked Joey has a win streak of 14 at stake in his return bout with German-born Frank, who has beaten or knocked out four men who had previously defeated him. These included Virgil Akins and Randy Sandy by the decision route and Moses Ward and Charley Cotton by knockouts.

**Palms Springs Indians had the highest team average with 452 points in nine games for a 50.2 average and in the Bee bracket also led with 417 points for a 46.3 average.**

On defense, however, the Indians were near the bottom with 430 points scored against them for a 49.6 average. The Bees, too, down in the list having allowed 347 points for a 38.5 mark.

## Mantle Shies Away From Yankee Offer

New York Facing Toughest Job, That of Signing Mickey

By MILTON RICHMAN  
United Press Sports Writer

The New York Yankees braced themselves today for what could turn out to be the toughest job of the spring—signing Mickey Mantle.

Mantle received approximately \$60,000 last season and feels he's entitled to \$75,000 this year. He already has rejected one contract calling for a \$3,500 boost.

The Yankees, of course, didn't expect Mantle to do hand-stands over the "token" raise they offered; they were merely trying to establish a figure from which they could start negotiating.

Lee MacPhail, director of player personnel, is due to arrive at the Yankees' St. Petersburg, Fla., training site today and he's ready to talk contract with Mantle should the switch-hitting center-fielder care to drop anchor.

Mantle is staying only a short distance from the Yankees' quarters in St. Pete but appears in no hurry to settle his 1958 contract.

The Detroit Tigers announced the signing of pitchers Bob Shaw and Don Lee and outfielder Bill Taylor.

Outfielder Jim Busby and southpaw pitcher Ron Mieller signed their contracts with Baltimore, giving the Orioles a total of 26 signings.

First baseman Kent Hadley and left-handed pitcher Carl Duser signed with Kansas City, while Milwaukee optioned catcher Bob Rosell to Sacramento of the Pacific Coast League. At the same time, the Braves invited catcher Sid Goldfarb from their Wichita club to join them in spring training at Bradenton, Fla.

**Dodger Contract To Be Topic Tomorrow**

LOS ANGELES (AP) — The Coliseum Commission's baseball committee meets Thursday to discuss terms of a contract with the Dodgers for rental of the Memorial Coliseum.

Chairman Kenneth Hahn said signing of the pact with the National League club for use of the big stadium was expected soon.

CAMEL RACING is featured at the fairgrounds in Indio. This hilarious event originated at the Riverside County Fair and National Date Festival, and has been a popular attraction ever since. Animals are difficult to control when it comes to direction, consequently, race is run in all directions. The fair opens Feb. 14.

## Williams, Ripley Win Doubles Ping Pong Title

Young Palm Springs ping pong players are lined up for finals in the Youth Center table tennis championship tournament Saturday.

Tourney play for the high school singles division championship gets underway at 1 p. m. in the Youth Center, Carl Plate, center director, reported today.

Winners of last Saturday's doubles tournament were Erik Williams and Frank Ripley, who were named as city champs in the first round of a double-barreled tournament sponsored by the center and the City Recreation Department.

In the final round Saturday, six ping pong paddlers will square off for elimination games aimed at singling out a singles champ.

Playoffs will begin with playoff games, involving Ripley, Richard Kaplan, Malcolm Clarke, James Walton, Roger Burton and Richard Reaks.

Winner of the junior high school singles match Saturday was Buddy Simeron.

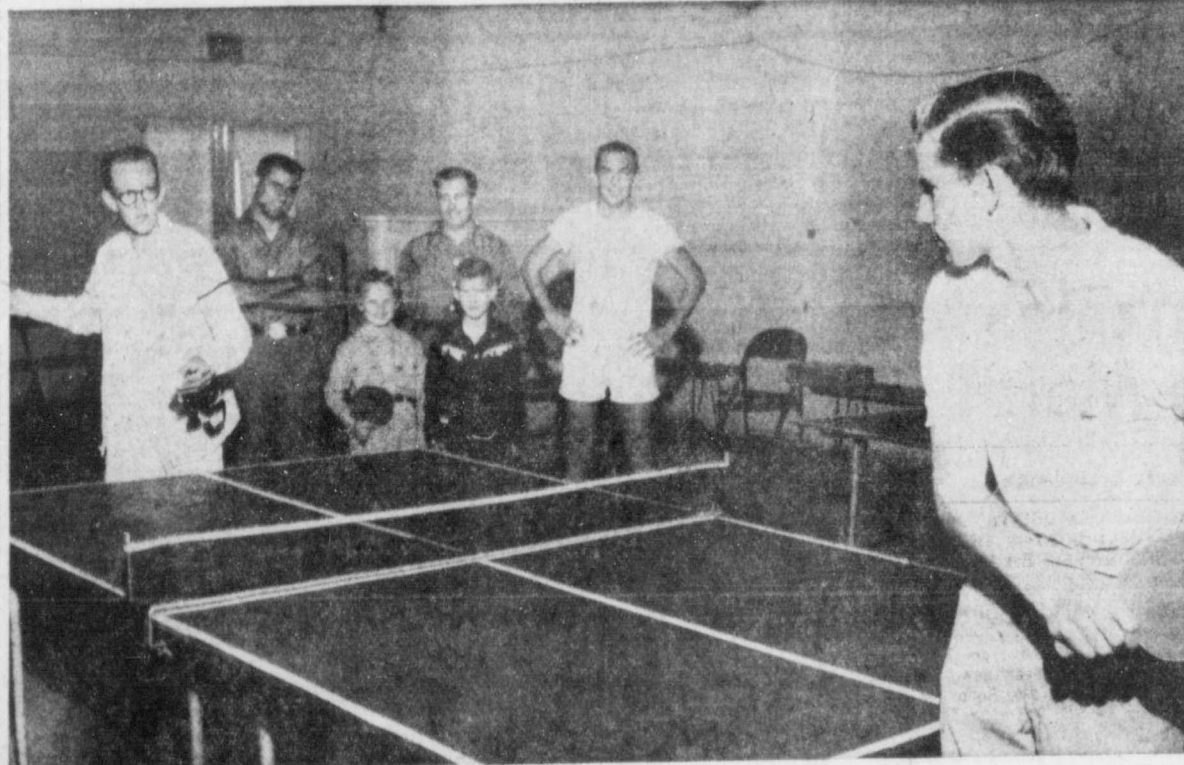

TABLE TENNIS CHAMPS Erik Williams, right, and Frank Ripley square off for practice before winning the city championship, high school division, at a Youth Center ping pong tournament Saturday. Looking on are, left to right, Howard Haddock, city recreation superintendent, tournament co-sponsor, with his children, Kathy and Danny Haddock; Carl Plate, Youth Center director, and Fred Grimm. The tournament continues this Saturday with final play in the city singles championship. (Desert Sun Photo)

## Helicopter Test Operation Asked Of City Council

A request to the City of Palm Springs from the E. Gluhareff Helicopter Corporation to lease a portion of the big hanger at the airport and use it to perfect and build a man-carrying, single-propeller helicopter, was looked on with a dim view by council members.

The machine has one propeller blade with jets on the tips, and is strapped to a man. The rig will obey the controls of the man being lifted and carry him through the air.

The noise factor is the main objection to the operation. It was decided after its test in Palm Springs last Friday, although Planning Director Hy Ranes said that the noise factor could be almost stopped by building a sound-insulating wall around the area used for tests.

Some members of the council were not able to be present when the test was conducted, and then asked that the company bring the machine here again.

## Attempt to Oust Clay Begole, Joseph Cass Fails by 3-2 Vote

Supervisor William Jones failed this week in an effort to displace the positions of property management superintendent, held by Clay Begole, and purchasing agent, held by Joseph H. Cass, and add the duties of the two men to those of Administrative Officer Robert T. Andersen.

His move was supported by Supervisor Fred McCall, but was voted down by Supervisors George Berkey, Paul Anderson and Curtis Chamberlain.

JONES SAID dispensing with the two positions would save the amount of their salaries, dispense with some secretarial help and release office space.

Berkey said the administrative officer has all he can do now, and the duties of the property management superintendent and purchasing agent make each a full time job.

BEGOLE WAS boosted unexpectedly June 6, 1955 from his position of clerk of the board with a salary of \$400 per month to the newly created position of administrative officer with a salary of \$650 per month, \$250 per month.

more than he had been drawing. The additional duty of purchasing agent was given to him Nov. 7, 1955. His salary was raised in 1956 to \$670 per month.

On Feb. 28, 1957, Begole was relieved of his duties as purchasing agent and Joseph H. Cass, present purchasing agent, was appointed.

BEGOLE WAS OUSTED from his position as administrative officer June 24, 1957, and was made property management superintendent, a position Jones and McCall charged was set up primarily to take care of Begole. The salary was set at \$758 per month.
